Guidelines for selectors

- Appropriate playing time to assess each trialist - selection is based on trial performance.
- Trialists must participate in at least one stage of the selection trial process to be considered eligible for selection.
- Where a student is unable to attend a trial, a request for an exemption is to be approved by SSV for the student to remain eligible. For further information about exemptions, please refer to the State Teams Trial Exception Policy.
- Where a student has progressed to the final state trial, they must be in attendance to be considered eligible for selection.
- Team officials reserve the right to select a player who is injured or unavailable due to an approved reason during the trial process for reasons applicable to the State Teams Trial Exception Policy. Players who are part of this process may be required to provide a statutory declaration and / or medical certificate and may also be required to attend the trial process.
- Where there may be a perceived or actual conflict of interest such as: trial coordinators assessing the selection of a friend or relative, this must be communicated to SSV and a plan to manage the conflict will be developed and implemented.
- Consider team composition so players from the same school or team are not advantaged over individual representatives.
- Where appropriate, concentrate on selecting players with generic skills rather than players for specific positions.
- Team balance is critical to selection of the final squad.
